## HOW TO PLAY

### What do you need?

- Index cards or small pieces of paper
- Pens or markers
- Tape or sticky notes
- List of celebrities

### How do you play?

- Before the shower, write the names of various celebrities on the index cards or pieces of paper. Place each card face down in a bowl.
- As guests arrive, tape a card with a celebrity name on their back without them seeing it.
- Explain to the guests that they will need to figure out which celebrity they are by asking yes or no questions. The goal is to deduce who they are based on the answers given by other guests.
- Allow guests to mingle and ask each other questions. Encourage them to be creative and think outside the box with their questions. The game continues until everyone has correctly guessed their celebrity identity.
- There doesn't have to be a winner, but if you'd like, you can give the first person to correctly identify their celebrity wins a small prize.

### Extra Tips

- **Celebrity Choices:** Tailor the list of celebrities to the bride's interests.
- **Prizes:** Consider having a few small prizes on hand for the winners.
- **Keep It Light:** This game is all about fun and interaction, so encourage laughter and light-heartedness.
- **Alternative Versions:** If the bride isn't into celebrities, you can easily adapt the game to other themes, such as fictional characters from her favorite books or TV shows, or even notable historical figures.
