

Bridal Shower Scavenger Hunt

HOW TO PLAY

What do you need?

- Scavenger Hunt Game cards
- Pens and paper for guests to check off items or tasks.
- Bags or baskets (optional) if the hunt involves physically collecting items.
- Phone/camera (optional) if the hunt requires photos or videos of tasks.
- Prizes for the winner or winners.

How do you play?

- **Create your Hunt:** Before the bridal shower, make a list of items and/or tasks that your guests will have to check off.
- **Set the Stage:** Before the shower begins, scatter any chosen items around the venue or decide on task-based challenges for guests to complete.
- **Divide Into Teams or Play Solo:** Depending on the size of your group, you can have guests either compete as individuals or split into teams.
- **Give Instructions:** Hand out the scavenger hunt game cards to each team or player. Explain that guests will either search for specific items (which they can collect) or complete tasks related to the bride and wedding.
- **Start the Hunt:** Once everyone knows the rules, set a timer and let the hunt begin!
- **Announce the Winner:** At the end of the hunt, gather everyone together and review their lists to see who completed the most items. Award the winner(s) with fun bridal-themed prizes as a keepsake of their scavenger hunt victory!

Extra Tips

- **Personalize the Items and Tasks:** Make the game more meaningful by incorporating elements specific to the bride, like her favorite color, hobbies, or details about her relationship.
- **Encourage Photo Evidence:** For task-based challenges, ask guests to take photos on their phones to prove they completed the task. This is a great way to capture fun moments and create a digital scrapbook of the shower.
- **Mix Up the Challenges:** To keep the hunt interesting, combine both item-finding and task-completing challenges. This way, guests will stay on their toes as they move between searching for physical objects and performing lighthearted activities.
